

CMD's New Year Message

My dear colleagues,

As the year 2020 dawns with new light and hope, I take this opportunity to wish you and your family a very happy new year.

This year will be crucial for the growth and sustainability of the Company as we are lagging behind our commitments on many fronts. The year 2019 has drawn to a close with tasks unfinished and deadlines missed. Hence, it is time to tighten our seatbelts and stay focussed on our responsibilities.

Here and now, our dedicated effort together is extremely essential to tide over the challenges. The need of the hour is meticulous planning, both at the macro level to chart out the strategic moves and at the micro level to zoom into the details in order to ensure timely implementation of Company's crucial mine expansion plan. Targets and deadlines of production and despatch need to be stringently met. Cost consciousness is necessary at every aspect of our activities to bring down the cost of production. Each one is solicited to give his best efforts and will be aptly rewarded for the value addition. Further, we need to groom our juniors to take up the baton in days to come. We must maintain harmonious industrial relationship in the Company. I expect each member of the Copper Family to work honestly and diligently in the interest of our country and our stakeholders.

All are welcome to come forward with suggestions for innovation, improvement in system and procedure, rationalizing cost and maximising revenue, managing resources like water, energy, etc.

HCL will stay committed to the society by fulfilling its CSR targets in health, sanitation, providing drinking water, education, skill development, improvement in livelihood, medical services, etc. in remote areas in the vicinity of our mines.

As the only Copper mining Company in the country, the growth prospect of HCL is immense. As a team, we need to work together to make the right use of our strengths and resources to emerge stronger and better.

In this new year, let us together accomplish our mission, walk towards growth and prosperity and take the Company to newer heights. May 2020 bring all of us peace, health and happiness.

With best wishes!

A. Shukla
