ADVANCES (GRANT AND RECOVERY) RULES
(As adopted by HCL)**

(SECTION I - GENERAL)

1. (i) These rules may called the National Mineral Development Corporation Advances (Grant and Recovery) Rules.

(ii) These rules shall come into force with immediate effect.

(iii) Unless there is anything repugnant to the context, the expression "employees" occurring in these rules, shall have the meaning assigned to it in the National Mineral Development Corporation Service Regulations.
2. No advance which involves a breach of the canons of financial propriety, can be sanctioned.
3. The rate of interest in the case of interest bearing advances shall be such as may be in force from time to time with respect to borrowings by the Corporation. Interest will be calculated on balances outstanding on the last day of each month. When an advance is drawn in more than one instalment, the rate of interest recoverable is determined with reference to the date on which the first instalment is drawn.
4. When an advance is adjustable by monthly recoveries from the pay bills of the employee concerned the amount to be recovered monthly should not be affected by the fact of an employee going on leave of any kind with leave salary. The sanctioning authority may, in exceptional cases, order a reduction in the amount of the monthly instalment, provided, however, that in the case of interest-bearing advances the period within which the full amount of advance is to be recovered is not exceeded.
5. An advance drawn by an employee in excess of that admissible under the rules should be refunded by the employee in cash. It is, however, open to the Corporation to effect appropriate recoveries in such cases from the pay bills and/or T.A. bills of the employee concerned.

Note: In the case of employees on deputation from Govt. departments, advances may be granted with the permission of the Government.

iii) The total amount of the advance to an employee should not exceed **Rs 85,000/- or 20 months' basic pay **** of the employee or the anticipated price of the car, whichever is less. If the actual price paid is less than the advance drawn, the balance must be refunded forthwith to the Corporation in cash.

Note: 2 In the case of employees who are due to retire before the completion of a period of **120 months****from the first issue of pay after the drawal of the advance, the number of instalments should be so regulated that the recovery of the advance and interest thereon would be completed well before the time of issue of the last pay to the employee before retirement.

**** Amended vide Office Order No.HCL/PERS/18.13 dated 31.1.96**

viii) At the time of drawing the advance an employee should be required to execute an agreement and on completing the purchase he should further be required to execute a mortgage bond, hypothecating the car to the Corporation as security for the advance. The cost price of the car purchased should be entered in the schedule of specifications attached to the mortgage bond. When an advance is sanctioned the sanctioning authority should furnish to the Accounts Officer concerned a certificate that the agreement form has been signed by the employee drawing the advance and that it has been found to be in order. The sanctioning authority should see that the car is purchased within one month from the date on which the advance is drawn and should furnish the mortgage bond promptly to the Accounts Officer concerned for examination before final record.

Note 1: The form of mortgage bond executed by the employee drawing an advance for the purchase of a motorcar provides for insurance against full loss by fire, theft or accident. The insurance policy must provide complete and unqualified coverage against loss as aforesaid; no conditional policies will be acceptable for purposes of this rule.

Such insurance should be effected simultaneously with the purchase of the car. On receipt of the certificate prescribed in clause (viii) above, the corporation will obtain from the employee drawing the advance a letter to the Insurance Company with whom the motorcar is insured, to notify to them the fact that the Corporation is interested in the insurance policy secured. The Corporation will itself forward this letter to the company with the endorsement and obtain their acknowledgement. In the case of insurance effected on annual basis the procedure prescribed above should be repeated every year until the advance has been fully repaid to the Corporation. Contravention of these provisions will render the employee liable to refund the whole of the amount advanced with interest accrued. The amount for which the car is insured during any period should not be less than the outstanding balance of the advance with interest accrued at the beginning of that period and the insurance should be renewed from time to time until the amount due is completely repaid. If at any time and for any reason the amount insured under a current policy is less than the outstanding balance of the advance including the interest already accrued, the employee should refund the difference to the Corporation. The amount to be refunded must be recovered in not more than three monthly instalments.

Note 2: The term "Motor vehicle" appearing in the form of agreement as well as in "Mortgage Bond" will mean "Motor Car" "Scooter" or "Motor Cycle" as the case may be.

ix) Except when an employee proceeds on leave, other than earned leave not exceeding 120 days, or retires from the service, or is transferred to an appointment the duties of which do not render the possession of a motor car

necessary, the previous sanction of the sanctioning authority is necessary to sale of the car purchased by him with the aid of an advance which, with interest accrued in accordance with rule 3 above, has not been fully repaid. If an employee wishes to transfer such a car to another officer who performs duties of a kind that render the possession of a motor car necessary, the sanctioning authority may permit the transfer of the liability attaching to the car to the latter officers provided that he records a declaration that he is aware that the car transferred to him remains subject to the mortgage bond and that he is bound by its terms and provisions.

x) In all cases in which a car is sold before the advance received for its purchase with the interest accrued thereon has been fully re-paid, the sale proceeds must be first applied so far as may be necessary towards the repayment of such outstanding balances, provided that when the car is sold only in order that another car may be purchased, the sanctioning authority may permit an employee to apply the sale proceeds towards such purchase subject to the following conditions:

a) the amount outstanding shall not be permitted to exceed the cost of the new car ;

b) the amount outstanding shall continue to be repaid at the rate previously fixed; and

c) the new car must be insured and mortgaged to the Corporation as required by these rules.

Note: An employee who draws an advance for the purchase of a motor car is expected to complete his negotiations for the purchase of, and pay finally for the motor car within one month from the date on which he draws the advance; failing such completion and payment, the full amount of the advance drawn with interest thereon for one month must be refunded to the Corporation.

Clarification: -

A doubt has been raised what would be the period for which the penal interest would be charged in case an employee draws the advance for purchase of conveyance and purchases the same and applies for registration of vehicle in his name to the appropriate authority within the stipulated period and there is delay on the part of State Motor Vehicles Department to complete the formalities.

It has been decided that in such cases the penal interest would be charged from the expiry of the stipulated period of two months to the date on which the vehicle has been hypothecated to the Company and not from the date on which advance has been paid to the employee.

Loan will be sanctioned from the unit where he is posted on transfer on the advice of the unit from where he has been transferred as per seniority for advance for purchase of car. In other words, in case an executive is transferred from KCC to ICC, his seniority shall be maintained at KCC and in case he has applied for sanction of advance at ICC, the same shall be maintained at ICC also. In case his turn as per seniority comes for sanction of advance at KCC, KCC will send advice to ICC and the loan shall be sanctioned from ICC budget and not by KCC.

**Sub: NMDC Advances (Grant & Recovery) Rules, 1962 as adopted by HCL -
advances for purchase of conveyance**

Attention is invited to Office Order of even number dated 8th July, 1991 on the above subject.

A doubt has been raised what would be the period for which the penal interest would be charged in case an employee draws the advance for purchase of conveyance and purchases the same and applies for registration of vehicle in his name to the appropriate authority within the stipulated period and there is delay on the part of State Motor Vehicles Department to complete the formalities.

It has been decided that in such cases the penal interest would be charged from the expiry of the stipulated period of 2 months to the date on which the vehicle has been hypothecated to the Company and not from the date on which advance has been paid to the employee.

The above shall deem to have come into force w.e.f. 2.5.92.
