OFFICE MEMORANDUM

Subject: Payment of charge allowance for holding dual charge to Senior Executives in the Public Enterprises

As the Ministry of Industry etc. are aware, payment of charge allowance for holding dual charge to Central Govt. officers is at present regulated under the provisions contained in FR-49. With the approval of Finance Minister a decision had been taken in 1974 that Central Govt. officers drawing pay of Rs.2250/- per month and above will not be entitled to any additional remuneration/special pay in addition to their grade pay for holding such additional charge. There is, however, no uniformity at present in the matter of payment of charge allowance for holding dual charge in Central Govt. public enterprises. The question has recently been examined and it has been concluded that there was not sufficient justification for treating the public sector enterprises officers differently in the matter of allowances for holding dual charges. As such the administrative Ministries are requested to convey to the undertakings under their control the views of the Government as stated above and also keep this in view while processing proposals received by them from the public enterprises for grant of dual charge allowance in the case of officers at the level cited above.

Sub: Charge Allowance

□

A letter of September 10, 1975 from Shri K C Goel, Chief Personnel Manager, Khetri Copper Complex, has sought clarification with respect to the policy on charge allowance to be paid to the employees of the company, Shri Goel has raised following issues in this regard: -

a) As per the decision taken in the seminar on the recommendations of Sri Ram Centre, Charge allowance will be paid up to 4 months where a post is likely to be filled by DPC.

b) Sanctioned posts have not been fully utilised and officers of lower category had to be used in higher category either due to statutory requirements or otherwise and it is not fair to deprive such persons of the charge allowance/honorarium.

c) Charge Allowance has been paid to the officers in Khetri who have worked on higher resultant vacancies.

2.□ This matter was discussed with the Director (Personnel) and the following decisions were arrived at: -

a) Posts that have been sanctioned by the Board but not administratively released by the Head Office are not to be considered for making any officiating arrangements.

b) Officiating arrangements may be made against all leave vacancies.

c) Officiating arrangements may also be made when the incumbent of a post is sent by Hindustan Copper Ltd. for training in India or abroad.

d) No officiating arrangement will normally be made against resultant vacancies except for such posts which are required to be kept filled due to statutory obligations. In case, however, for administrative reasons, it is felt that an officiating arrangement is necessary against resultant vacancy, full justification should be sent to the Head Office for prior approval.

3.□ Such officiating arrangement should not be made as a matter of routine. Each case should be examined to ascertain whether the interest of work of the company makes it necessary to make an officiating arrangement or not. In case, such an examination establishes that officiating arrangement is necessary in the interest of work, a formal order to this effect should be issued and the individual appointed to officiate be paid □ officiating/charge allowance at the rate of 20% of his current pay or the difference between the lowest point of the higher grade and his current pay , whichever is less.

4. Officiating appointments involving payment of officiating/charge allowance should be made if the following conditions are fulfilled: -

a) Officiating appointment is to be made only to immediately higher posts which do not involve jump of one or more grades in between.

b) The individual appointed to officiate in the higher position should assume the responsibilities of the immediately higher position in addition to his own for the period that he officiates in the higher position.

c) A person may be required to look after the duties of the higher position in addition to those of his own even for a period of not less than 30 days. Officiating/charge allowance will, however, be paid only if the period for which he officiates is 30 days or more.

d) The additional charge of the higher post will normally be held by the seniormost person in the lower grade available at the same location. In case, a person junior in seniority is made to officiate, the reason for doing so should be recorded in writing (a person who can perform functions of the higher post in addition to his own without adversely affecting the quantity or quality of work will be considered to be available at the same location).

e) Only those who have the educational/technical qualifications specified for the higher post should be given officiating appointment.

5.□The General Manager, Indian Copper Complex and Deputy General Manager, Khetri Copper Complex can make officiating appointments for all posts under them subject to the conditions mentioned above. Project Manager, Agent-in-Charge and General Sales Manager, Delhi, may also make similar arrangements for posts under them. Head Office would, however, like to be informed in advance whenever officiating arrangements are required to be made against posts of heads of departments.

6.□The policy enumerated above applies to all posts of Class I officers in grades 700-1300 and above.

Certain doubts were raised with regard to Company's existing policy on payment of officiating/charge allowance to the executives.

After careful consideration of the matter it has been decided that in respect of officiating arrangements made upto and in the pay scale of Rs.1850-2450/- the officer appointed to officiate/hold charge will be paid officiating/charge allowance at the rate of 20% of his current pay or the difference between the pay the officer would have got had he been promoted to the next higher scale and his current pay, whichever is less.
